Our Meeting December 11th

Deputy Fire Chief Chad Brown presented to 22 of our members. It was an extremely detailed and informative meeting. Everyone learned a great deal. 73% of fires are in residential buildings as are 93% of the fire related deaths.

Chad reported the five top causes of fires are:

- Cooking (unattended)
- Electrical wiring outlets
- Heating & cooling equipment
- Cigarettes
- Appliances

He also noted that many people do not know how to use a fire extinguisher & landlords would be wise to ensure they do know. A fire extinguisher has no value if people do not know how to use it.
