## Planning Committee Meeting

Your Planning Committee met April 11th and made several decisions. Here is some of what was decided:

- A “Bring a Guest” program will be developed for next year as part of our overall plan to grow our membership.
- We will change our website to have both a “Resources” and a “Links” drop-down. This will provide quicker access to more information for members.
- We will develop and implement an advocacy plan for various levels of government that will involve each and every member starting not later than our next season.
- Several Planning Committee members will meet with Tony Irwin the CEO of the Federation of Rental-Housing Providers of Ontario (FRPO) to discuss our advocacy plan and see how FRPO can help us.

## Our Meeting May 14th

**Reg Deck of Amerispec** was our speaker and he gave a great presentation. He discussed Amerispec and the various services he offers. He also explained in detail various aspects of the “Enbridge Home Energy Conservation Program” and the up to \$5,000 in incentives that are available.

Reg’s business card is being loaded on our website under “Member Services” for your future reference.

## Speakers for Our 2019/2020 Season
