Zoom Virtual Meetings

Brad Appleby, City of Peterborough Planner Presentation Tuesday, January 12, 2021

Brad is one of our most frequent speakers. He did an excellent job presenting an update on the official Peterborough plan.

The plan outlines the city's growth and development goals, objectives & policies for the next 30 years. By the year 2051 Peterborough is expected to have 63,000 jobs with a population of 125,000 people. Both numbers are up considerably from our 2016 45,000 jobs and a population of 83,000 people.

Brad's full presentation and contact information can be viewed on our website. Thank you Brad for such an excellent update.

You can view Brad's full power point presentation in our Member Portal under the heading "City of Peterborough Planner Presentation".
